WE HANDLE THE RUT DEDUCTION!

Important about the RUT deduction

Our quote describes the final cost after the RUT deduction. We handle the administration of the RUT deduction directly with the Swedish Tax Agency. After the completed assignment, we invoice the final cost in accordance with our quote.

The invoice specifies the labor cost, which is eligible for the RUT deduction. Other costs not eligible for RUT deduction, such as transportation and vehicle costs, are also specified. The total cost (sum of the above items) after the RUT deduction corresponds to the quoted cost in our offer.

Good to know about the RUT deduction

Moving and cleaning are included in the category of household services. If you meet the conditions, you are entitled to a 50% tax reduction on labor costs (RUT deduction). Your personal maximum limit for the RUT deduction depends on your taxable income for the

year. We recommend that you check your personal eligibility for the RUT deduction if unsure. This can be done via the Swedish Tax Agency's website.

Note! As the customer, you become responsible for payment of the non-approved amount if the Swedish Tax Agency's rejection is due to circumstances that can be attributed to you as the customer.
